Fort Belvoir Community Hospital is an integrated healthcare network providing world-class medical service to the nation's wounded, active duty service members, retirees, and family members.

The Behavioral Health Clinic offers a Traumatic Brain Injury (TBI) Clinic to provide a comprehensive evaluation of TBI and a multidisciplinary, individualized treatment plan for warriors, SMs, retirees, dependents, and caregivers. Services include medical treatment, physical, speech, and occupational therapy, case management, cognitive therapy, patient and caregiver education, neuropsychological testing, and more.
