Languages Spoken

English

Our Community Farm (OCF) is a place where those dealing with addictions of many kinds can be challenged and encouraged within a safe, drug and alcohol free environment. We work toward this end through morning worship, regular 12 step meetings, offering a support group and networking with others in recovery.

Community: All who participate in the program live in one large house where everyone shares daily work and common meals and meets regularly for honesty meetings and family business meetings. The household is a community and each person is expected to fully participate in the community's daily life.
