English

Loudoun Therapeutic Riding provides quality equine-assisted activities and therapies for wounded military and veterans at no charge to the veteran. Participants in this program have often been diagnosed with Post Traumatic Stress Disorder (PTSD) or traumatic brain injury (TBI). The program provides these individuals the opportunity to regain valuable skills lost due to injury or trauma in a safe and supportive

environment with the help of our equine partners.

For more information on how you might become involved with or support these activities as a donor, participant or as a volunteer, contact Joanne Hart at jhart@ltrf.org.
