Event Description

Get your questions answered at AARP's free webinar for family caregivers. Caring for a loved one and have questions about their insurance options? Good news! AARP's two-part question and answer webinar has the answers—and it's free to attend. Register now to get expert advice about Medicare, Medicaid, private insurance and other payment options. The webinar will also cover how to submit claims and appeal them when they've been denied. Plus, you'll have the chance to get your questions answered live during the event! Attend and you'll learn all about coverage options for your loved one, insurance choices, costs, and care options, and talking to insurance companies and government agencies. Knowing available insurance options can help your loved one and give you peace of mind. Sign up today to reserve your place at this unique online event from AARP. Part 1 will discuss the factors family caregivers should consider when weighing insurance options for their loved ones. Presented Tuesday, January 15th at 7pm In Part 2, AARP experts will continue to answer questions from Part 1, as well as live questions posed during this session. Presented Thursday, January 17th at 7pm You must register for each part individually.
