Navy-Marine Corps Relief Society offers financial assistance for urgent financial needs. We provide funds to help with a wide range of financial needs.

Common situations include food, rent/mortgage, utilities, essential home repairs; establishing a new residence, including security and utility deposits; car expenses, such as repairs and insurance deductibles; medical expenses, military pay shortage / delayed entitlements; and funeral expenses.

The Relief Fund may also offer interest-free loans and grants for emergency needs such as emergency transportation, essential vehicle repairs, funeral expenses, medical or dental bills, disaster relief assistance, child care expenses, or food, rent, and utilities.

The staff lends a sympathetic ear to people with problems. Also offers budget counseling, money management education and information and referral, especially for survivors of deceased personnel.
