Cardinal Care Medicaid is the federally funded medical care program for Virginia individuals who are elderly, blind, disabled, dependent children, and pregnant women.

To be eligible, individuals must meet income and resource requirements. Cardinal Care Medicaid is intended to provide medical care to public assistance recipients and medically needy persons (those of low income who can meet their maintenance needs but have insufficient income to provide the cost of medical care). Recipients receive Cardinal Care Medicaid cards which they use when receiving services from approved providers. Services include doctor and hospital bills, prescriptions, eyeglasses, and children's dental care.

CommonHelp is the Commonwealth of Virginia's fast and easy way to apply online for many Virginia social services assistance programs. You can find out what assistance you might be eligible for through a single online site and submit one application saving you time and effort. Visit [CommonHelp](#)
