Seton House, the first full-service hospital based alcohol and drug abuse center in the Washington metropolitan area, provides comprehensive inpatient and outpatient treatment of emotional illness and substance abuse. Delivered by a team of behavioral health experts, treatment at Seton House is individualized, family-oriented and affordable. Addiction recovery services offered include:

- Medically supervised detoxification
- Education about the primary disease of addiction
- Individual and group counseling
- Introduction to and preparation for 12-step programs
- Referrals for further treatment
