Sunshine House is a psychosocial rehabilitation program for persons experiencing a severe and persistent mental illness. We provide social and/or recreational activities in a supportive environment to help the individual gain confidence and readjust to living and/or working in the community. Members spend the day working in one of three vocational units: Clerical, Kitchen, or Maintenance Units. Daily groups are held on a variety of topics including: socialization, exercise, stories, manners, journaling, cultural awareness and more. A daily meal is provided.

Transportation can be provided, please call for information.

Service Area(s)
