SpiritWorks offers non-clinical recovery support services that assist in removing barriers and providing resources to those contemplating, initiating, and maintaining recovery from addictions. The purpose of Recovery Action Planning is to develop and incorporate wellness tools into a personal management and recovery system, designed to decrease and prevent relapse, increase personal empowerment, improve quality of life and assist in achieving goals. SpiritWorks offers a wide range of programs for all age groups, including children and teen educational groups, empowerment groups for women and men, recovery support services and community activities.
