Winchester Community Mental Health Center, Inc provides substance abuse and dual diagnoses services.

When you have both a substance abuse problem and a mental health issue such as depression, bipolar disorder, or anxiety, it is called a co-occurring disorder or dual diagnosis. Dealing with substance abuse, alcoholism, or drug addiction is never easy, and it's even more difficult when you're also struggling with mental health problems, but there are treatments that can help.

With proper treatment, support, and self-help strategies you can overcome alcohol abuse or drug addiction, get the symptoms of depression or anxiety under control, and reclaim your life.
