Culpeper County has launched a discount card program to help consumers cope with high price of prescription drugs. The prescription drug discount card is free and made available under a program sponsored by the National Association of Counties. It offers an averages savings of 20% off the retail price of commonly prescribed drugs. Visit [NACO Prescription Card](#) for more information.

The cards may be used by all county residents, regardless of age, income, or existing health coverage, and are accepted at various county pharmacies.

The prescription discount card offers significant savings for the uninsured and underinsured residents of our county, and those fortunate to have prescription coverage can use the card to save money on drugs that are not covered by their health plan. Call the Culpeper Pharmacy for more information.
