English

Vet Centers across the country provide a broad range of counseling, outreach, and referral services to combat Veterans and their families. Vet Centers guide Veterans and their families through many of the major adjustments in lifestyle that often occur after a Veteran returns from combat.

Services for a Veteran may include individual and group counseling in areas such as Post-Traumatic Stress Disorder (PTSD), alcohol and drug assessment, and suicide prevention referrals. All services are free of cost and are strictly confidential.

Readjustment counseling is offered to eligible Veterans and their families.
