The Power Action Community Transition (PACT) program provides modular training in entrepreneurship and leadership development. The PACT program is a series of

virtual and physical events. Each event provides training and recruitment for veterans, service members, caregivers, and spouses.

The short seminars are in business leadership and entrepreneurship and will consist of an introduction to the sponsor, a short class, and then a short question and answer period. Sponsors can promote any business or job opportunities that are available. This program requires members to stay in contact with the PACT staff.
