Dreams for Veterans

Officially launched in Washington, D.C., in 2015, Dream Foundation's Dreams for Veterans program tailors the Dream experience to veterans and their families. Dream recipients are U.S. military veterans who served from World War II to the Iraq and Afghanistan Wars, those who served during peacetime or who currently serve on active duty, the Reserve and National Guard. Dreams for Veterans honors our veterans' service by fulfilling their final Dream, providing them, their families and caregivers inspiration, comfort and closure at the end of life.

IF YOU SERVED, YOU CAN DREAM.

Dreams not only serve veterans, but also bring comfort and peace to their loved ones and caregivers. Dreams play a critical role in the special end-of-life care that focuses on improving quality of life for veterans and their families.

QUALIFICATIONS

Dream recipients live in the United States, including Alaska and Hawaii, are U.S. military veterans 18 and older diagnosed with a life-limiting illness and a life expectancy of 9 months or less, can provide proof of U.S. military service* and lack the resources to fulfill the Dream themselves. If the applicant is currently serving on active duty, in the Reserve or National Guard, proof of service is required.

*If applicants are unable to provide a copy of their discharge papers or other proof of service or prefer not to share those forms, please feel free to apply for a Dream through our [Dream Program](#).

[We do not fulfill certain types of Dreams.](#)

DREAM APPLICATION

Go to the [General Dream Application](#) page to apply. Please contact application@dreamfoundation.org for more information.
