The Fellowship Program empowers veterans to impact their community while gaining vital professional and personal skills. The fellowship requires 20 hours of service per week at the nonprofit of their choice for six months. Through the fellowship, veterans pursue personal goals of full-time employment or continued education.

This program is eligible to post-9/11 veterans, and awarded on a quarterly basis. All Fellows must attend a three-day orientation at the start of their term of service. Fellows receive one-on-one coaching, and a stipend to support cost of living.
