Features include:

- 212,063 total square feet,
- All private patient rooms,
- Traumatic brain injury, spinal cord injury, complex care, stroke, and general rehabilitation units,
- 9,251 sq. ft. main therapy gym and three satellite gyms,
- Research, conference, and outdoor space,
- Physician, psychology, and nursing services,
- Physical, occupational, and speech therapy,
- Therapeutic recreation,
- Cutting-edge patient care technology and rehabilitation equipment,
- Chapel and dining room,
- Designated visitor areas.

The foot and ankle are complex anatomical structures because of their multiple joints, ligaments, and muscles; many conditions can disable them. The experts at Sheltering Arms Institute treat the intricate anatomy of the foot and ankle. The staff collaborates with each patient's unique needs to determine the cause of pain and develop a plan to help regain the needed strength to get them moving safely and efficiently.
