English

The Winchester Brain Injury Support group is an independent peer-led group that currently meets over Zoom at 6 pm on the 3rd Thursday of the month. Currently the group meets over Zoom but hopefully meetings can be in person soon. To participate, call or email with any questions or to get the Zoom link.

The group shares concerns, answer questions dealing with TBI's or just enjoy the company of people who have brain injuries. Kathleen Mancini is the facilitator and can be reached by email at [tbi@mindspring.com](mailto:tbi@mindspring.com). The co-facilitator is Betty Friant and she can be reached at [bettyfriant@gmail.com](mailto:bettyfriant@gmail.com) or 540-550-1784.
