

Veteran Education Benefits

Programs administered by the U.S. Department of Veterans Affairs or other organizations that provide educational financial assistance for veterans and service personnel and their eligible dependents. Veterans and service personnel who served on active duty between January 31, 1955 and January 1, 1977 for specified periods of time are eligible for a variety of education benefits under the GI Bill including a stipend for tuition assistance at approved educational institutions. Veterans and service personnel who entered active duty after January 1, 1977 may participate in a voluntary contributory plan in which the individual's savings for a future education are administered and augmented by the government. Partial educational assistance is also available to the survivors of deceased or disabled veterans whose death or permanent and total disability was service-connected; and to the spouses and children of servicemen and women who have been listed for more than 90 days as missing in action, captured in the line of duty or forcibly detained by a foreign power.

Programs also include Post-911 GI Bill, MYCAA Spouse Benefits, and Schools participating in the Yellow Ribbon Program.
