

Public Transportation

Public local and regional transportation services include buses, rail, shuttles, and trolleys. Public transit could follow a fixed route with designated stops, a deviated fixed route, or be provided on demand. All public transit services include accessible transportation options for people with disabilities.

[**Why Mobility Managers Can Be Transportation Game Changers**](#)

Mobility managers are transportation coordinators for older adults, people with disabilities, veterans, and other members of the riding public. They can help people “find a ride” by connecting them to transportation options in their communities.
